

VIRvOLT 1st Workshop

EU-RESPONSE Consortium meeting

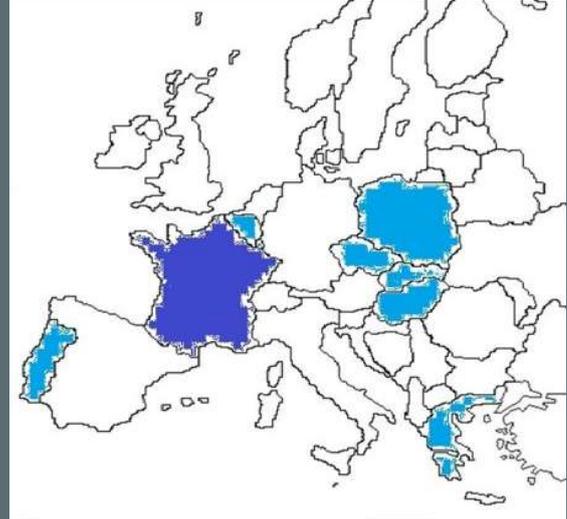

Oslo, Norway – 11th may 2023

BACKGROUND

EU-RESPONSE is a European-funded project, coordinated by INSERM, the overall objective is to build a multinational, adaptive European COVID-19 and emerging infectious diseases trial network, based on existing initiatives, experience and expertise.

In this context, a network of 10 labs was created. This is a European network of laboratories capable of providing virological data in a short time during therapeutic trials, in Europe, on different known or emerging viruses.
